KINDERCOMP™

KINDERCOMP™

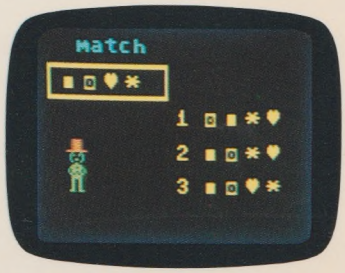
KINDERCOMP is a collection of six fun learning games that encourages young children to start learning on the computer.

And each exercise lets your child have a terrific time in a different way. With KINDERCOMP, kids can create colorful pictures, or enjoy bright colors and neat sounds as they press different keys to scribble on the screen. They can also make their names come to life with colorful animation.

In addition, KINDERCOMP challenges children to find the letters or numbers on the keyboard that match the ones on the screen. And they can enjoy the spectacular pictures and sounds that reward them when they successfully match shapes or complete number sequences.

It's fun and exciting. And that's why kids love KINDERCOMP.

Dr. Doug Davis, author of KINDERCOMP, is an educator and innovator in screen graphics and play formatting. He wrote KINDERCOMP for his daughter Amy.



Educational Value: KINDERCOMP helps children improve their reading readiness and counting skills. It also familiarizes young children with the keyboard. Ages 3-8.

SPINNAKER SOFTWARE CORPORATION WARRANTY POLICY

If this diskette should fail to boot for any reason whatsoever during the first 30 days following purchase, return it to the dealer from whom it was purchased for a free replacement. If it should fail to boot after the first 30 days, mail the disk to Spinnaker Software at the address below. If the disk has been physically damaged, you will be charged five dollars for a replacement.

In order to help Spinnaker maintain accurate records regarding your purchase of this program and to facilitate performance under this warranty, we would appreciate your filling out the attached Owner Information Card and returning it to Spinnaker.

Should you have any questions concerning this warranty, please contact the dealer from whom you purchased this program, or write or call Spinnaker:
